The BNP Advantage

We understand that you have choices when it comes to insurance. Experience the Berkley North Pacific (BNP) advantage to provide your clients with top-of-the-line service. The BNP advantage lies in our commitment to underwriting expertise, responsiveness, flexibility, and exceptional claims services. With local leadership, conversational underwriting, and responsive claims services, we truly are relationship driven.

Outstanding Responsiveness

Our flat operating structure strategically places our decision makers within our territory to make quick and efficient decisions. Our underwriting teams are known for responding quickly, with most new business email inquiries and voicemails receiving a response within 8 business hours. This responsiveness continues throughout the relationship, with most policyholders and claimants being contacted within just 4 business hours of a claim being set up.

Conversational Underwriting

Our underwriting philosophy encourages direct dialog, allowing us to get a better understanding of every account and improved quote and bind ratios. You are assigned a single, dedicated underwriter for both new and renewal business to provide consistency and a personal touch. We collaborate strategically with agents to deliver tailored solutions, even for risks that other insurance providers might dismiss.

Claims Resolution Focus

We contact most of our policyholders and claimants within just 4 business hours of a claim being set up. Our customers speak directly with representatives via direct phone numbers, avoiding complicated phone trees.

Unmatched Customer Experience

Our focus on service shows. Over the past four years, 97% of BNP policyholder survey respondents who had a claim ranked their experience as exceeding expectations. Since 2019, more than 90% of policyholder survey respondents who had a claim said they would recommend BNP to a friend or colleague. And, if a claim does occur, our claims team provides direct phone numbers, allowing you to speak with your representative immediately without navigating a phone tree.
